

A close-up, dark-toned photograph of a medical professional's attire. It shows a dark blue or black short-sleeved shirt with a visible collar and a stethoscope hanging around the neck. The lighting is dramatic, highlighting the texture of the fabric and the metallic components of the stethoscope.

Thank You...

for your interest in the Observership Program at

International Pain Centre.

This program is designed for doctors seeking structured exposure to real-world clinical pain practice, including observation of patient evaluation, imaging correlation, and interventional pain procedures.

It is best suited for clinicians who wish to explore Pain Medicine as a potential area for formal training or long-term career.

KEY DETAILS

DURATION OPTIONS (CHOOSE ONE)

Option A — 2 weeks (For basic understanding of a pain clinic role and functioning)
Option B — 4 weeks (For deeper clinical understanding and more case exposure)

FOCUS AREAS

- Outpatient Pain Clinic & Pain Procedures
- Clinical discussions and case reviews
- Teaching sessions
- Ultrasound scanning on volunteers (non-invasive, supervised)
- SSIM based fluoroscopy guided procedural simulations
- Career guidance
- Observership slots are subject to availability and faculty schedule

LOCATION AND CERTIFICATE

- Full-time in person Observership
- Location: International Pain Centre, A-10, First Floor, Neeti Bagh, New Delhi-110049
- Certificate of observership participation

FACULTY

Dr. Amod Manocha (UK-trained Pain Specialist, FRCA, FFPMRCA)
Dr. P. Sharma (MD, CCEPC)

OBSERVERSHIP FEE AND CAPACITY LIMITED

Option A - 2 Weeks **INR 25,000 + GST** (Indian Clinicians)
USD 600 (International clinicians; taxes as applicable)

Option B - 4 Weeks **INR 40,000 + GST** (Indian Clinicians)
USD 1,000 (International clinicians; taxes as applicable)

To protect teaching quality and maintain patient privacy
1-2 observers per block only

CORE CLASS & WORKSHOP SCHEDULE

Included in observership, short classes of 30- 45 min each - tailored to observers

LECTURES (2 WEEKS)

- ⌚ Orientation & Diagnostic Approach to Chronic Pain
- ⌚ Spine Anatomy & MRI Correlation
- ⌚ Ultrasound Basics for Pain Physicians
- ⌚ Fluoroscopy Guided Procedures
- ⌚ Overview of Pain Pharmacology
- ⌚ Low Back & Neck Pain with Diagnostic Approach
- ⌚ Common Spinal Interventions
- ⌚ Neuropathic Pain & Nerve Blocks
- ⌚ Musculoskeletal Pain
- ⌚ SIM Lab with Presentations and Feedback

LECTURES (4 WEEKS)

- ⌚ Cervical & Lumbar Radiculopathy
- ⌚ Radiofrequency Neurotomy (RFA) & Other Ablative Techniques
- ⌚ Steroid & Regenerative Injections
- ⌚ Cancer Pain & Palliative Care
- ⌚ MSK Ultrasound Workshop
- ⌚ Role of Physiotherapy & Psychology in Pain
- ⌚ Pain Management Complications & Medicolegal Aspects
- ⌚ Case Discussions
- ⌚ SIM Session 2
- ⌚ Mentored Career Guidance

WHAT OBSERVERS **CAN** AND **CANNOT** DO

CAN OBSERVE:

- Patient Consultations
- Imaging
- Pain Procedures
- Lectures
- Ultrasound Scanning of Volunteers
- SIM based Fluoroscopy Interventions

CANNOT DO:

- Independent Patient Management
- Hands-on Invasive Procedures on Patients
- Prescribing
- Billing

TO PROCEED PLEASE:

- 1) Send your CV at education@internationalpaincentre.com
- 2) Scan the QR code below and complete the Google form
- 3) Once we receive these details, we will review your application and revert with availability, program structure, and next steps.

NEXT STEPS ONCE YOUR APPLICATION IS ACCEPTED:

- 1) We will send email with offer letter, Dates, Fee and Payment link.
